LEPRECHAUNS LOSE FINAL

By Mike Gormley

The Drayton Valley Hotel Leprechauns did not win the Zone "3" Provincial Pee Wee Hockey Championship but did they ever give it a try. The Leprechauns lost out in the zone final two game total point series to the Fort Saskatchewan Nickel Kings. The Kings took the first game 7-2 in Drayton Valley on Saturday and then edged the Leprechauns 3-2 in a thrilling game in Fort Saskatchewan Sunday afternoon. Both games were well attended with a total of 175 paying customers here on Saturday and well over the two hundred mark at the Fort on Sunday. A good number of local fans travelled to Fort Saskatchewan on Sunday to support the "Little Green" Team.

The Leprechauns did not have one of their better days on Saturday and they got off on the wrong foot at the 24 second mark of the first period when Philip Quinn scored for the Fort team. Quinn tallied again half way through the period and it was 2-0 for the Kings after one period of play. The Hotel team came back at 6:10 of the second stanza with a goal by Tim Bester to make the score read 2-1. Then, however, the roof fell in during the next ten minutes as the Nickel Kings went on the rampage with four goals in ten minutes. Harvey Liske countered three times and David Van Lorp scored once and the Kings led 6-1 after sixteen minutes of play. Gerry Hook scored for the Leprechauns and Quinn once again scored for the Kings before the period ended and the Fort team led by a 7-2 score. The third period was score

FEW RATEPAYERS ATTEND MEETING

Residents of the community who attended the annual ratepayer's meeting Monday evening heard that the town finished the year in a healthy position with a surplus of \$9,438. Nine rate-payers attended the meeting along with three members of the Town Council and the Secretary-Treasurer.

It was reported that the town raised \$341,914 by levying a rate of 78 mills on a live assessment of \$4,383,520 in 1969. The '69 millrate was three mills above the previous year's 75 mills, but the hope was expressed during the meeting that it might be possible to hold the line with this year's tax levy.

In his report, Secretary-Treasurer Bill Johanneson explained the town's position in regard to debenture payments and noted that the education bite took \$161,433, or almost 1/4 of the town's entire assessment. This represented an increase of \$23,809. in one year.

Recreation, he noted, cost the community \$62,821 and with \$27,970 recovered in revenues from the department the expenditure amounted to \$34,851 or 7 mills.

Protection was another costly item at \$61,980. with the recovery of \$4,055. in fines, the final expenditure is \$57,925. or 13.25 mills.

General government cost the town \$39,946 and public works \$48,564. Garbage collection and waste disposal (including lagoon and sewer line care) cost \$16,228. Social development hit a new low with grants to churches and institutions taking \$2297. and assist-

ance to needy persons \$1462., for a total of \$3,759.

In summing up his report, Mr. Johanneson noted that the town generally consolidated its position a little better by decreasing its obligations and increasing assets.

Mayor Tom Johnson expressed optimism about the town's future and noted that nearly a million and a quarter in building permits indicate confidence in the community by business people.

Mr. Johnson expressed pleasure with the favorable residential growth of the town and explained the workings of a low-cost housing scheme through Alberta Housing and Urban Renewal Corporation that is now being investigated by the Town Council.

In reporting for the Development Committee, Councillor R. Smith reviewed the year's building permits of one and a quarter million dollars. Noting that residential construction accounted for \$720,436 with the possibility of a similar building season ahead in 1970.

The town is faced with the necessity of finding additional building lots and it is expected that a new subdivision of twenty-nine lots now being processed will be available for the summer building program.

The Development Committee through the year, he said, has been busy with zoning and long-

less as the teams played on even terms with the Leprechauns holding a slight edge but failing to score until the final whistle settled the score at 7-2 in favor of the visitors. Saskatchewan outscored Drayton Valley 23-21 on the afternoon's play.

On Sunday the second half of the series got under way at Fort Saskatchewan and the Leprechauns soon established the fact that they had come to play and were not about to lay down and concede the series on the previous day's score. The Hotel team and the little men from the Fort set a fantastic pace for two periods with the Leprechauns scoring one goal in each session. Tim Bester and Richard Meaver were the marksmen as the Leprechauns went all out in an attempt to catch the fast skating Kings. The star defenseman for the Leprechauns Garry Swendseid injured his ankle in the previous game and did not play in Sunday's contest. The blistering pace caught up with the Drayton boys in the third period and the fresher Fort team scored three times before the final whistle to make it 3-2 for Fort Saskatchewan. Philip Quinn with two markers and Grant Morin scored for the Kings for their edge in victory.

Donnie McRae played a great game in goal for the Leprechauns. The sprite-like McRae kept the local team in the game with a number of sensational saves throughout the thrilling contest. The Kings outshot the Leprechauns 24-17 in this final game.

This coming weekend the Leprechauns are travelling to Wainwright for a two game exhibition series with the Wainwright Pee Wee team. This may wind up a great season for this exciting little Green and White team.

A flashy sports car roared up to the curb where a cute young miss stood waiting for a taxi.

"Hi," said the young chap at the wheel. "I'm going west."
"How wonderful," came the cool reply. "Bring me back an orange."

range planning.

In a report for the Finance Committee Councillor Marvin Helm noted that the town bettered its position substantially in 1969. A high degree of development took a number of vacant lots off tax recovery procedure and put them back on the active tax roll and increased assessment to where it now stands at over \$4,600,000.

Mr. Helm noted that increasing costs and decreasing dollar values continue to dog the town's financial picture.

Recreation Director Mike Gornly presented a detailed report of recreation undertakings in the community.

Reporting for the Public Works Department, Councillor Norman Swendseid said the department was able to provide all required services within the working budget which is smaller than most towns of similar size.

Improvements in the waterworks and sewage systems were made during the year, he said. A new level control has eliminated water spills from the tower and a Calgon water feed, initiated in July last year, is proving effective in reducing corrosion and scale formation in hot water

boilers.

In the matter of water supply he stated that wells 8 and 9 required cleaning last year to offset dropping production. One is now back on the line but additional work will likely be required on the other this year before it can be returned to full production.

He said he felt the drilling of one more well would probably meet the town's water needs for another five-year period.

Referring to fluoridation, he said the chemical composition of the new water supply from well no. 11 contains natural fluoride and it is possible to maintain a fluoride content of 0.8 from natural sources. This is slightly under the 1.0 desired.

No paving was carried out during the year and road gravelling confined to the new subdivision. 5,900 lineal feet of monolithic curb, gutter and sidewalk was laid. It is not anticipated that further paving will take place until 1971.

Following reports, a few questions were answered from the floor, and the meeting adjourned at 10:00 p.m.

This action is being considered in response to the complaints received regarding obnoxious odors and smoke inconvenience caused by incineration of garbage in the residential areas. Also with the fight against Pollution going on all around us it would seem timely to support such a policy.

Report from the Legislature

By TONY COX

Health insurance premiums will drop by as much as \$66 annually effective July 1st when the province increases its subsidies to people on low incomes.

Major benefits in the Alberta Health Care insurance program will apply to those persons now unable to obtain group contact coverage under Blue Cross.

Although there is a 15 percent increase in the basic medicare premiums to cover hospitalization, the introduction of the government-subsidised Blue Cross option package will more than compensate. But the juggling of medicare rates won't add a cent to the total health insurance bills paid by individuals and groups already belonging to the group option plan.

Also effect July 1st, the premium subsidy structure will be liberalized. For example, the taxable income limit for family subscribers to qualify for subsidies has been raised to \$1,000 from \$500.

The maximum benefits of the new plan will accrue to the Alberta family with no taxable income who formerly paid \$150 for medicare plus the optional benefits. Effective July 1st, this family will now pay \$84 for the same coverage.

And a single Albertan with no taxable income will see his medicare and health option costs drop from \$75 to \$42.

But hospitalization will not be entirely free. Under the new plan there is a \$5 non-insurable registration fee payable by all person entering hospitals in Alberta.

The sniffing of glue, nail polish remover and other "intoxicating vapours" is soon to become an offence. Health Minister Jim Henderson admits that the new regulations will

be difficult to enforce. The fine carries a maximum penalty of \$100.

The move follows medical evidence which states that glue, plastic solvents and other vapours have caused permanent brain damage when inhaled.

The three-man Alberta police commission will be established by mid-summer.

A 134-page report, prepared by the retired RCMP assistant commissioner Harry Maxsted recommended the formation of the commission as soon as possible.

It would have "full freedom of action" although only an advisory body to set up police training programs, hear the complaints concerning police actions as well as suggesting revisions to the Provincial Police Act.

The new Alberta School Act has been given second reading, approval in principle. It received very little criticism. However conservative Opposition leader Peter Lougheed, while agreeing for the need of a new act, rejected the principle of school plebiscites on supplementary requisitions beyond provincial government guidelines. Mr. Lougheed feels school boards should have "fiscal responsibility" to levy their own property taxes.

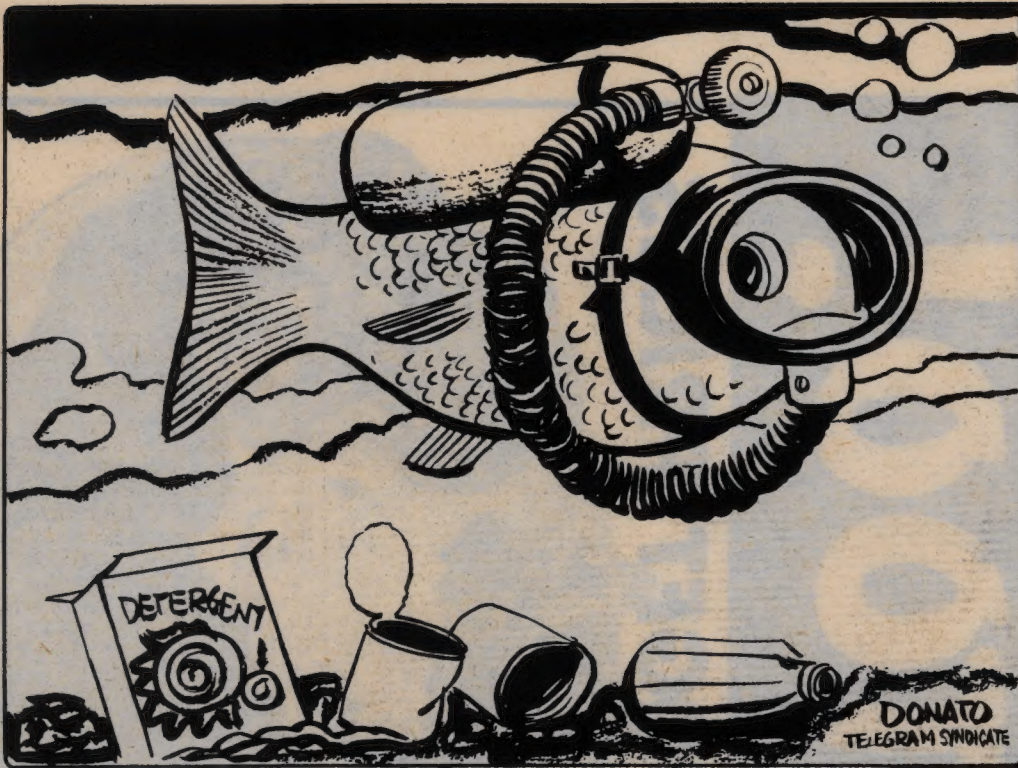

The Lesser Slave Lake region has been included in Ottawa's attack on regional disparity and is now eligible for industrial and human resources incentives. Incentives to industry could run as high as \$5,000 per man and with 400 new jobs possible, it could mean an economic boost of \$2-million to the region.

It could also mean the deciding factor in convincing Mac-Millan Bloedel to construct a pulp mill in the Whitecourt area.

The government is to pay farmers up to \$600 each to help them purchase forage seed mixtures this year. The new aid program is designed to complement Ottawa's massive farm diversification scheme. The province will pay 50 percent of the forage seed mixtures purchased from January 1st this year.

Amendments to the Highways Traffic Act now authorise the Courts to impound a motor cycle for three months if its operator is convicted of careless driving. To combat the growing practice of many people who continue driving while their licence is suspended, the courts also have the authority to lift the vehicle's licence plate if the operator is convicted a second time.

And as far as non-returnable bottles are concerned, should Ottawa fail to ban their manufacture, the provincial government may take some remedial action.

TOMAHAWK NEWS

On Sunday March 15th at 8 p.m. W. Zander Mrs. A. Lemke & Oscar and Mrs. G. Pischke left by plane for Frankfurt, Germany. They plan on visiting all their relatives while there, and will be returning to Canada on the 19th of April.

On Saturday March 7th at the home of Mrs. Finley Shaw Robert Clyde Yager, chosen son of Mr. and Mrs. Clyde Yager was feted at a baby shower held in his honor by hostesses Mrs. Garry King, Mrs. Alec Wolodko and Mrs. Joseph Bljace. There were 15 ladies present and young Robert, after viewing the company and being duly admired, ate a hearty supper and retired for the remainder of the evening, leaving his mother to open his gifts. A delicious lunch was served by the hostesses and everyone present was personally thanked by Mrs. Yager, the proud and beaming Mother.

Congratulations are in order for the Tomahawk Rockets hockey team. They have played 24 games in all during the season and have yet to lose a game. Quite a record and we're very proud of them.

The Tomahawk and District club held its regular meeting on March 7th at the home of Mrs. Dan Schadeck.

The date for the annual meeting has been set for Monday March 30th at 8 p.m. Many important items regarding our community will be brought up at this meeting, and we hope there will be a good attendance. Let's all try to get out and show an interest in our community.

Don't forget the 4-H Semi Finals Public Speaking Contest on March 20th at 8 p.m. Let's show our support by attending. Also remember the Edgar T. Jones show on March 21st at the hall. We are asking that all children

under six years of age sit with parents.

Hockey season is almost over and baseball season is just around the corner, so we are asking that all hockey uniforms be turned in when the season is over. We would like also to have all baseball uniforms be turned in immediately so repairs, replacements, etc. may be made before the uniforms are needed. Please return them to the coaches or Alma Schadeck. At the rate the ice is going it looks like we will have to postpone our dances and skating party. Either the grand opening will be planned for the summer months for some other form of entertainment or we will wait till next skating season.

LETTERS TO THE EDITOR

Editor,
The Western Review,
Drayton Valley, Alberta

Dear Sir:

Re: Annual Ratepayers Meeting.

Last night we had our annual ratepayers meeting and I must say that I was left with very mixed feelings. Mayor T.W.D. Johnson and councillors R. Smith, and N. Swendseid were the only elected members of Council present; Councillor W. Rose was represented by Mr. Mike Gormley of the Recreation Department. Mr. W. Tuttle was also present to answer questions on behalf of the Public Works. Secretary Treasurer Johanneson was also present on behalf of the Town and as usual contributed greatly to the efficiency with which the meeting was conducted.

I would like to state that all of these people must have spent a great deal of time preparing their reports and getting ready for this meeting. This was shown by the good reports and the way in which they answered all questions presented to them. I would say that it was a very informative meeting and that those people demonstrated they are taking a great deal of interest and pride in the affairs of our town.

Would it be too much to expect the same of the ratepayers? Believe it or not only 9 gallant souls were able to brave the harsh climate and distraction to be at our annual ratepayers meeting. I believe that only one former councillor was able to be there. I had hoped that our former members of Town Council would have been there as well. We have had several controversial situations develop in the last couple of years and these people must have been involved at least to some degree. I feel that they should have been at the ratepayers meeting last

night as they may have been asked at least some questions and their answers would surely have been appreciated.

Now what about some of these people who say they have problems with the town or are annoyed by our Town Council? I have recently heard some complaints about members of our Town Council from various people and none of these people took the Democratic opportunity of being at the Annual Ratepayers Meeting. Are we to conclude that those people with problems are some kind of transient complainers with no investment and sense of responsibility in our town? Or are we to assume that maybe these people have nothing to say? I think no one person has the answer but collectively we must find the answer.

What would it be like if Town Council took as little interest in town affairs as the rest of us?

What about our meeting in the Frank Maddock High School next Saturday, March 21st, at 10:00 in the morning?

Sincerely Yours,
Dale E. Cartwright.

MAGNOLIA NEWS

Belated birthday greetings are sent to Debbie Reich who was ten on February 25. Her supper guests were Darlene Yakimovich and June Chechotko. Darlene also spent the night with Debbie.

We are sorry to learn that Mr. Leonard McWillis has been ill and had to spend the past week in the Stony Plain hospital. Get well soon!

Betty McDougall has had the pleasure of a few days visit from daughter, Liz and the three grand-children.

Linda Anderson celebrated her ninth birthday on Friday, March 5. Happy birthday Linda.

Two of our local folks have been lucky prize winners recently. The first was Charles Anderson, who is now the proud owner of a floor polisher. This was the major door prize at the Co-op store in Mayerthorpe. The second winner is Mary

Reich. Her prize is a coffee set consisting of a coffee pot, mugs, cream and sugar and a tray, which she won at the John Deere show in Evansburg on March 6. Congratulations to both of you.

Mrs. Wm. Anderson accompanied Thema, Gunner and Mina to our district last Wednesday to visit with Dick and the family and Lawrence and family.

Alex, Joan and Laurie Nagraiff attended the wedding of Jerry Rascoe in Edmonton on March 7. Joan was the matron of honour and Laurie was the junior brides-maid for Linda, who is Joan's sister. Alex was best man. The other three Nagraiff children were cared for at the home of Shannon Cambell for the weekend.

Sunday visitors at the Ray Storms home were Mr. and Mrs. Richard Clemmer of Alder

Flats and Terry Storms of Edmonton.

Another guest which was rather unwelcome came right after 12 noon on Sunday. Dishes and the China cabinet trembled and clinked, likely due to the earth tremor which was recorded in the Peace country on Sunday. They tell me if there has been any noise or movement in the house, one wouldn't have noticed the slight tremor.

Evelyn Cameron mentioned that "Tracy" their grandson is gaining very nicely.

Brenda and Allan Walker visited with Connie Rose at Edson during Friday.

Fair enough. Because the crows could have sworn they saw two dogs. And if you look closer, you'll probably think you see four Indians. Or is it six?

No two people in our brewery agree on just how many there are of what on the Lethbridge Pilsner label. But we're all together on one thing. How to brew the great beer behind it - Alberta's original Pil. That's done the slow, natural, old-time way. For a flavour you can always count on.

AFTER THE FAMOUS FORMULA OF THE HOUSE OF LETHBRIDGE

SUB-MITS

FROM THE ELEMENTARY SCHOOL

Last week it was my privilege to attend a three-day seminar in Edmonton on Internship of new teachers. This is now the accepted method of introducing the university student with his theories and methodology to the practical aspects of teaching.

Between 50 to 60 teachers and other school personnel from the university, university professors, representatives of ATA, representatives of the business community, the church, the public, past interns and future interns.

Among some of the areas discussed were: 1) purposes of internship; 2) how to accomplish these; 3) particular problems of interns; 4) the whole school plan and how to fit the new teacher in so she will be successful.

Most counties have this program in effect, with the result that new teachers feel more comfortable and capable in the fall.

During the past several years, several students have interned in our schools here. Among them are Miss Julie Madsen, Mrs. Floden, Mrs. Joyce Huska, and Miss Linda Webster. They come for about 6 weeks in May and June, after the university year is over. Although they have done practice teaching in the city, this period of time serves to reinforce what they have learned, and gives them the opportunity of trying out a few of their own ideas.

And so the County officials who made this possible--thanks. It was a unique experience and very enlightening. We came home saturated with ideas, aware of problems all over Alberta, some possible solutions and up-teen number of new acquaintances.

Now for a short story that happened in my room one year. The intern had put some work on the board and had one spelling mistake in it. Said one little girl to her neighbour, "Let's not tell her, she's only a practice teacher."

ALDER FLATS NEWS

A very successful Klondike dance was held Saturday March 14th with approximately two hundred and fifty people taking in the annual event. The second game in the final play-offs with Alder Flats Aces vs Rocky had the fans holding their breath in the last few minutes of play in the final period, when Rocky scored three goals in this period to tie the game. The Aces had kept them from scoring in the first two periods and had a 3-0 game going for them.

The whole game was action packed and exciting, the roar and noise of the estimated 150-200 fans was deafening when Leslie Speakman scored the goal that broke the tie and won the game. Bill Goldsney was the star scorer of the evening making the three other goals.

The Cubs were taken to this game in place of their regular

meeting, in charge of them were Cub Master Hap Schaurite, Scotty Hare and Mrs. Schaurite, the cubs all gathered on the ice before the start of the game and gave their Grand Howl.

Mr. and Mrs. Schaurite went to Calgary over the weekend and attended a cousin's wedding. Mrs. Schaurite remained in Calgary to visit relatives. Congratulations to Leon Paudrier and Ester Vane-Voorde on their recent engagement.

Mrs. Anita McMaster of Calgary who recently returned from Germany where she had spent over three years, spent a week at the Darrel Hammonds, she is a cousin of Margies and a sister of Mrs. Danyluks.

Margie Hammonds team consisting of Cecile Wennerstrom, Olive Lesburg and Marcia Letourneau both of St. Albert had a most enjoyable time at the Drayton ladies bonspiel starting Thursday evening until Sunday. They won their first game and lost the others by a very close score, one of their

games was tied and skip rocks had to be thrown.

The Cubs had their bottle drive Saturday so if you were missed and have bottles you would like to give to them, you could leave them at Beely's garage or contact Geneva Patton as she was in charge of the drive.

The boarding house has been

moved out of town and Morris Trussett has the house he purchased jacked up and ready to move.

Remember square dancing Wednesday nights. More couples are needed to be able to continue it.

KIN KAPADES PROVES SUCCESS AT EVANSBURG

Kin Kapades Weekend got off to a fine start on February 28th with a dance held in the Legion Hall. Dancing was to Lorenz's Orchestra and since this was a family dance, there was dancing for all ages and everyone present had a good time. During the evening, the Karnival Queen was crowned by Mrs. Aspeslet, Kinette president.

This year's successful candidate was Miss Christine Smith sponsored by the Pembina River Riders' Union. At the dance, the draw for the door prize was made and E. Berglund of Edmonton, was the winner of the twenty-five dollars in cash.

Sunday March 1st at 10:00 a.m. saw the festivities resumed with snowmobile races being run off at the golf course. Winners in the contest are listed in another news item. One of the most popular classes was the Powder Puff Derby.

The Ice Carnival itself got underway at 2:00 p.m. at the Evansburg and District Centennial Arena. Since this was the first big event to be held in the arena, it was also the official arena

opening.

Mr. Guy Dompnier acted as Master of Ceremonies and Father Gartner gave the invocation. Mr. Dompnier introduced the special guests: Mr. Louis Grassi, from Grande Cache, who used to reside in Evansburg and, as chairman of the Centennial Committee spearheaded the building of the arena; Mr. Carl Bjornstad as representative of the village who gave a brief history of the project; Mr. Fred Croft, Legion citizen of the year and Mrs. Bea Tompkinson who taught the children their figure skating. Mr. Len Corkery was then introduced to the audience and after speaking a few words cut the ribbon and declared the Evansburg and District Centennial Arena officially opened. Mr. Corkery was mayor of the village when the project was started, and returned from Lacombe, where he has since moved, to open the arena. The Karnival Queen and her attendants were also introduced and thanked everyone for their support.

The skaters then went on the ice to entertain the crowd of

between four and five hundred people who had turned out for the occasion. Numbers were done by children from both Evansburg and Entwistle and skaters also came from Drayton Valley and Edmonton.

One of the performers from Edmonton, Miss Donna Boyce, is the granddaughter of Mr. and Mrs. Otto Wolff. Donna is a very dedicated figure skater, getting up at five thirty in the morning to attend figure skating classes before her regular school classes. The O'Neill children, who are also from Edmonton and took part in the programme, are neices of Mr. Bob Bowie, local AGT man.

The costumes used in the various acts were on loan from the Edson Figure Skating Club. The Kinsmen and Kinettes would like to extend their thanks to everyone who helped to make this the first indoor carnival and official arena opening a success.

D. V. Highlights

By Mrs. Edith Deby

Mrs. Forbes' Drayton Valley friends are concerned to hear that she has been ill. She was a patient in the Radway hospital for a time last month.

Congratulations to Janine LaBranche who won the Rotary Club's award for "Adventure in Citizenship" this year. Janine will have an all expense paid trip to Ottawa for a week as her prize.

Danny Bartlett, son of Mr. and Mrs. Calvin Bartlett, is attending N.A.I.T. in Calgary where he is taking Petroleum Technology.

Mrs. Sware had the misfortune to break her ankle when she fell from a chair on which she was standing to hang pictures in her classroom. It is understood that she may be able to return to work this week.

Mr. and Mrs. Ted Hutchinson will be leaving for Waterton Lakes directly after graduation where Mr. Hutchinson has a job waiting for him. Mr. Hutchinson took Instrumentation Technology at N.A.I.T.

Mr. Pearl Swap has been in poor health this winter. Hope you will feel better now that spring is on the way, Mrs. Swap.

Sorry to hear that Mr. Stan Pajak is ill.

Old friends called at the Calvin Bartletts last Thursday evening to honour the couple on the occa-

sion of their wedding anniversary. It was Mrs. Bartlett's birthday, too. An evening of cards and good fellowship was enjoyed.

Father Lynch tells of the man who calls his wife "The Lone Ranger". She is always going through his pockets for silver.

At Eriksson's Music Centre a piece of sheet music called "The Solleftea Waltz" is being offered for sale. What makes it of special interest to this community is the

fact that it was composed and arranged by Edwin Eriksson and Aino Jensen. Edwin and Aino are known as "North American Kings of the Scandinavian Accordion". We believe that this is the first time that a piece of music has been composed and published by a local artist. Edwin donated a copy to the Municipal Library. This will be carefully preserved and will be placed in our museum on the far off day when we acquire one.

Don't you agree that it is rather a shocker that only seven persons showed up for the Annual Meeting of Taxpayers on Tuesday evening?

The Meeting for the county will be held in the Frank Maddock High School on Saturday at 10:00 a.m. Let us hope taxpayers don't stay away from it in such droves.

Regular Meeting Agric. Committee

Minutes of meeting of the Agricultural Committee, County of Parkland No. 31, held in the County office, Stony Plain, Alberta on Friday, February 27th.

Members present were Chairman Mr. George Mann, Messrs. Leslie Miller, Rudolph Zander, Robert Bailey, Peter Bakker, Roy Lent, and Ivan Vowk, District Agriculturalist Earle Lowe, Agricultural Fieldman William Moelhoff and Secretary Len Webber.

After a lengthy discussion it was moved by Mr. Lent that the County of Parkland sell forage seed at cost and the County absorb the cost of handling. The motion carried with Mr. Zander registering a negative vote for the reason that insufficient County funds are being put into the program.

WARBLE CONTROL AREA

Mr. Moelhoff gave a progress report on the formation of a Warble Control area.

Mr. Dave Case, Tomahawk was present at the meeting and gave notice of his intention to resign as caretaker of the cattle squeeze chute and portable weigh scale. He assured the Board that he would continue as caretaker until a successor is appointed.

Mr. Case reported that during the year 1969 the squeeze chute was used 18 times and the weigh scale 14 times.

Fourth Pro Obtained For Skating School

The Drayton Valley Summer Skating School has been fortunate in recently obtaining the professional services of Mr. Archie Zareski, a G old Medallist from

the Glenora Club in Edmonton.

Mr. Zareski was Senior men's prairie section champion in the 64-65 season and more recently, senior men's dance champion in the same section. He will be instructing at the summer school along with Miss Karen Maynes, Miss Paula Venn and Miss Sharon Monahan.

With summer skating school plans well underway, residents in the town are asked to again open their homes to board the out-of-town skaters for the month of July and August. Any one who feels they could help in this way should contact Mrs. Gwen Simpson at 542-4249 or Mrs. Dorice Reid at 542-3986, stating which weeks or month would be most convenient for them to have one or more skaters. Remuneration will be paid by the skaters at the rate set by the skating school.

Anyone requiring registration forms for the skating school may obtain them from Mrs. Simpson or Mrs. Reid. It is advisable to register early for a choice of times and instructors.

LIBRARY NEWS

Expo-70, Asia's first world's fair, focuses the attention of the world on Japan this year. The March National Geographic tells many interesting things of that historic land.

"A Believing Humanism" by Martin Buber is the last book written by the great Jewish philosopher and humanist. The book contains writings selected by Buber himself before his death in 1965.

March Consumer Report deals with men's raincoats, "personal T.V. sets, High Gloss Paints, Portable Food Mixers, Electric Hair-Setters and other topics of interest.

Bus children are asked to note that beginning directly after Easter Friday, service for bus children will be discontinued. The library will continue to be open on Tuesday at noon.

P.C.'s Meet at Red Deer

Policies to assist in the prevention of rural stagnation and urban strangulation were called for at the Provincial P.C. Policy Conference held last weekend in Red Deer. Several Drayton Valley and area residents were among those in attendance.

In a background paper presented to more than 200 conference delegates from across Alberta Medicine Hat lawyer James Horseman charged that smaller cities, towns and villages in Alberta have experienced slow growth, stagnation and, in many cases, loss of population.

"More consideration must be given", he said, "to the plight of the individuals who have invested their life savings in homes, businesses and enterprises in smaller rural communities".

In addition to decentralization of industry, the delegates worked on nine other topics: agriculture, public expenditure, priorities, taxation, education, preservation of our environment, housing, welfare and poverty, health facilities and local government.

Conference spokesmen said that they were pleased that the three-day conference had accomplished its objective of helping draft the election platform to be presented in the next provincial election whenever it comes.

EVANSBURG NEWS

Winter's nip is back in the air as this is being written, so guess it will be a while before we see first signs of spring.

The Annual John Deere show (sponsored by B&F Sales) was held at the Legion Hall recently. Films were shown on how decisions are always arising in the running of a farm, and Cpl. Anderson of the RCMP was on hand to explain the legislation in effect with the operation of snowmobiles. After the talk by Cpl. Anderson a free question and answer period followed during which those present could ask questions on laws in regard to the operation of farm machinery. After this, coffee and donuts were served at the John Deere (B&F Sales) building. Draws were made for door prizes. The following were winners: Willie Brenenstuhl - lawn mower; Mrs. Mary Reich-coffee serving set; Mrs. L. Williams-sewing lazy susan; John Kashinluk, Jim Tuttle and Jerry McCracken were all winners of boxes of John Deere accessories. Over 200 people attended this show which has been taking place annually for a number of years.

Wildwood Klondike Days saw several winners from the Evansburg area. These lucky winners were: Door prize of two orders of hotcakes at Menzie's Cafe-Mrs. H. A. Hutchinson; third

place winner in the beard contest-Mr. Stephan, a grocery hamper; 1st straight bingo winner of \$25.00-Miss Gayle Berry.

The United Church Women held their regular meeting in the church basement on the eleventh of the month. Various projects were discussed and it was finally decided to use some of the funds to fix up the church basement. Hostesses for the evening were Mrs. Eaton and Mrs. R. Fausak. The next meeting is to be held on April 1st, in the church basement.

A group of ladies gathered at the R. Fausak home to help Mrs. Fausak celebrate her birthday recently. Congratulations, Mrs. Fausak and many happy returns.

The gymkana club held its regular meeting recently. Revisions in the rules and committee appointments were discussed. It sounds as if the planning for the summer show is well under way with this club.

Just recently, members of the club and their families had a fine time tobogganing at the Johnson home. The children especially enjoyed the hotdogs and cake served after having worked up an appetite climbing the hills. The club would like to extend thanks to Mr. Herb Gilbert and Mr. Arnold Johnson who brought their snowmobiles and gave the children rides during the afternoon.

This weekend's big activity seems to be the annual firemen's ball which will take place on the 20th. This is a dinner dance and anyone is welcome.

And for those ladies who have a touch of spring fever and have begun making plans for house cleaning here is a bit of good news: The 1st Pembina Valley Boy Scout Troop are planning a bottle drive for this weekend, Saturday March 21st. They will canvass both Entwistle and Evansburg and would appreciate gathering your empty beverage bottles and therefore making way for easier spring house cleaning.

RECREATION BOARD HOLDS MEETING

At the last regular meeting of the Drayton Valley Recreation Board, Town Engineer Bill Tuttle spoke to the board on the subject of the \$15,000 provincial recreation grant and presented plans and price quotations for alterations to the Centennial Civic Centre.

Proposed changes included two additional dressing rooms, a revamped tractor space and the installation of a dehumidifier system.

It was reported that the pool heater was checked and the coils found defective. The board, after hearing alternatives, voted in favor of installing a new two booster unit type heater to replace the existing boiler heater.

Discipline at the Civic Centre was the subject of considerable discussion by the board and it was eventually decided to permit staff members to order offenders from the arena but the matter of suspension and degrees of discipline would be the responsibility of the Recreation Director.

After discussing the revised recreation budget for 1970 it was approved by the board for recommendation to the Town Council.

Club Plans to Attend Rodeo

At the regular meeting of the Lindale 4-H Swine Club held recently it was decided that the club would attend the rodeo in Edmonton on March 24th. An invitation will be extended to the Carnwood 4-H Clothing Club to accompany the Lindale 4-H'ers on the trip.

It was announced at the meeting that Miss Sadie Maxwell, sponsored by the Lindale Club, had won the Queen title at the Warburg carnival.

The next meeting of the club will be held on March 26th and also scheduled for the spring agenda is a dance on April 3rd.

CARNWOOD NEWS

We are glad to report Mrs. Phyllis Shipton is coming along nicely after surgery.

Jim Hankins, Mr. Neff, Jim Saunders, and Arnold Foster attended the Legion meeting at Ponoka.

At the meeting Mr. Neff was presented by Comrade Hughie Green with a scroll and Merit Award for his 15 years faithful service as Secretary Treasurer for the Warburg Legion Branch #205.

Mr. and Mrs. Ron Foster and Family of Buck Lake visited with Mr. and Mrs. Arnold & family.

Mr. Neff arrived home from the hospital on Thursday.

Dennis Martin motored to Drumheller recently.

EASTER EGG FLOWER POTS

Make miniature flower pots out of empty egg shells. Colour the empty egg shells and use as small planters. Glue bottom of shells to small paper doilies or coasters and fill with earth. For flowers nip 2 or 3 blooms of African violets or small-flowered begonias and stick them in the miniature flower pots. Water each day and the noseays should last 3 or 4 days at least. Arrange several of these little "pots" around a large heavy candle to make an attractive and unusual table decoration. For place cards, glue a little egg shell flower pot on fold-over place cards so that the flowers are upright when the card is standing on the table.
